----------------	---	-----------------------------------

**Faculty: John Kaufman and Jessica Stewart**

Cook's Big Trivia Night at GEST is an interactive, hands-on evening designed for interventional radiology professionals to learn, compete, and connect. Attendees will rotate through immersive stations featuring Cook's IR-focused medical education resources, including an embolization simulator, the **Beat the Bleed** model competition, and additional hands-on experiences that highlight real-world procedural techniques. The evening will also feature a lively team-based trivia game where participants can test their IR knowledge in a fun, fast-paced competition. Join us for a unique blend of education, innovation, and friendly rivalry.
