

# GEST 2026

MAY 14-17  
NEW YORK CITY

GLOBAL EMBOLIZATION  
SYMPOSIUM & TECHNOLOGIES

## Thursday, May 14

**7:00 - 8:00 AM**      **Physicians in Training I: Intro to Trainee Program & Case Competition I Sponsored by Penumbra**      New York West Ballroom, 3rd Floor  
Breakfast served at 6:30 AM

**Judges: Claire Kaufman, Merve Ozen, Abhishek Kumar, Nassir Rostambeigi**

7:00 - 7:10 AM	Welcome and Introduction to Trainee Program	
7:10 - 7:18 AM	Staged Embolization of a High-Flow Pelvic Arteriovenous Malformation (AVM) Causing Sciatic Neuropathy	Kausthubh Hegde
7:18 - 7:26 AM	Prostatic Artery Embolization in a Patient with Bilateral Internal Iliac Artery Occlusions	Samuel Wang
7:26 - 7:34 AM	Terminal Thoracic Duct Obstruction Secondary to Subclavian Pacemaker Resulting in Chylous Pleural/Pericardial Effusions	Jacob West
7:34 - 7:42 AM	Radioembolization for Treatment of Intra-biliary Hepatocellular Carcinoma	Kevin Bode Padron
7:42 - 7:50 AM	Management of a Pancreaticoduodenal Arcade Pseudoaneurysm Using Direct Percutaneous Thrombin Embolization	Grace Sullivan
7:50 - 7:58 AM	Off the Beaten Vessel: A Large Bronchial Artery Pseudoaneurysm Presenting with Hemoptysis	Isabella Jones

**8:00 - 9:30 AM**      **Session I: Masterclass Coils**      Metro East Ballroom, 2nd Floor

**Moderators: Jafar Golzarian and Kamran Ahrar**

**Demonstrators: Marc Sapoval, Gary Siskin, Anuj Malhotra**

8:00 - 8:10 AM	What Goes into Making a Coil	Gary Siskin
8:10 - 8:20 AM	Nuances of Coil Selection: From Mechanical Properties to Clinical Applications	Kamran Ahrar
8:20 - 8:30 AM	Endpoint of Coil Embolization: When to Stop	Parag Patel
8:30 - 8:40 AM	Prevention/Management of Mishaps: Migration to Recanalization	Shams Iqbal
8:40 - 9:30 AM	Masterclass Demonstration and Panel Discussion	Speakers + Gerard Goh, Jean-Pierre Pelage

**9:30 - 10:00 AM**      **Exhibits, ePosters, and Refreshments Break**      Exhibit Hall, 2nd Floor

**10:00 - 11:45 AM**      **Session II: Vanguard, Honorary Lecture, and Awards**      Metro East Ballroom, 2nd Floor

**Moderators: Jafar Golzarian, Marc Sapoval, Gary Siskin**

10:00 - 10:16 AM	20 Years of GEST	Jafar Golzarian and Marc Sapoval
10:16 - 10:30 AM	MSK Embolization Where are We Heading	Yuji Okuno
10:30 - 10:44 AM	Thyroid Embolization and Ablation: The Next Frontier	Tiago Bilhim
10:44 - 10:58 AM	Endovascular Biology	Erik Cressman
10:58 - 11:00 AM	Introduction: GEST Honorary Lecture	Jafar Golzarian and Marc Sapoval
11:00 - 11:30 AM	Honorary Lecture: Embolization and IR: For Better or For Worse	Gary Siskin
11:30 - 11:45 AM	GEST Awards	

**10:00 - 11:30 AM**      **Abstract Session I**      New York West Ballroom, 3rd Floor

**Moderators: Shamar Young and Nassir Rostambeigi**

10:02 - 10:08 AM	Prostate Artery Embolization to Allow for Stereotactic Body Radiation Therapy in Men with BPH and Prostate Cancer	Jason Hoffmann
10:10 - 10:18 AM	Prostatic Urethral Angle to Predict Symptomatic Improvement Following Prostatic Artery Embolization	Kameel Khabaz
10:18 - 10:26 AM	Balloon-Assisted Embolization for Pelvic Trauma: Impact of Flow Control on Survival Outcomes	Devendra Patel
10:26 - 10:34 AM	Vesical Artery Embolization for Palliation of Refractory Gross Hematuria Secondary to Chronic Radiation Cystitis	Zohaib Lakhani
10:34 - 10:42 AM	Accessory Pudendal Arteries in Prostatic Artery Embolization: Prevalence, Treatment Approaches, and Clinical Outcomes	Kameel Khabaz
10:42 - 10:50 AM	Safety and Effectiveness of Liquid Embolics for Prostate Artery Embolization: A Systematic Review and Meta-Analysis	Ahmet Guncan
10:50 - 10:58 AM	6-Month PSA and Prostate Volume Changes After PAE: Association with Glue Penetration and Sniper Microcatheter Use	Dogan Polat
10:58 - 11:06 AM	Transcatheter Arterial Embolization for Pediatric Pelvic Fracture Hemorrhage: Outcomes by Injury Severity (2013-2023)	Rohit Reddy
11:06 - 11:14 AM	Outcomes of Prostatic Artery Embolization in Octogenarians and Nonagenarians	Nassir Rostambeigi
11:14 - 11:22 AM	EMBOLIZATION BEFORE ≥ 3CM RENAL MASS ABLATION: A RISK-STRATIFIED ANALYSIS	Ronald Crandall
11:22 - 11:30 AM	Adjunctive Coil out Technique Reduces Recurrence After Prostatic Artery Embolization	Nassir Rostambeigi

**11:45 AM - 12:00 PM**      **Exhibits and ePosters**      Exhibit Hall, 2nd Floor

12:00 – 1:00 PM

**Lunch Session Sponsored by Sirtex Medical Inc:  
Advancing Y-90 in HCC: Data, Dosimetry and  
Real-World Strategies**

New York West Ballroom, 3rd Floor

**Moderator: Riad Salem**

**Speakers: Ammar Sarwar and Zach Berman**

This session explores new clinical data, enhanced dosimetry and streamlined treatment pathways for improving outcomes in HCC with practical insights drawn from real world experience using SIR-Spheres.

12:00 – 1:00 PM

**Lunch Session Sponsored by Boston Scientific:  
Precision Access and Embolization: Clinical  
Performance with TruSelect™ and EMBOLD™**

Empire West Ballroom, 2nd Floor

**Speakers: Gary Siskin, Christopher Grilli, Abhishek Kumar**

This session examines peripheral vascular access strategies with TruSelect™ microcatheters, and embolization with EMBOLD™ Detachable Coil System. Speakers will share case based insights into technical tradeoffs, compatibility, and procedural workflow.

12:00 – 1:00 PM

**Lunch Session Sponsored by Penumbra, Inc: Ruby  
Embolization Case Discussion from PAE to PeVD: How  
to Leverage the Versatility of Penumbra Coils**

Empire East Ballroom, 2nd Floor

**Moderator: James Benenati**

**Speakers: Tino Pena, Sabina Amin, Nainesh Parikh, Parag Patel, Jafar Golzarian**

This session explores real-world embolization cases spanning prostate artery embolization (PAE) to pelvic venous disease (PeVD), highlighting the variety of applications with Penumbra Ruby coils. Through case-based discussion, key expert physicians will demonstrate how coil selection, sizing, and deployment techniques can be optimized in different vascular anatomy.

1:00 - 2:30 PM

**Session III: Masterclass IO Vascular**

Metro East Ballroom, 2nd Floor

**Moderators: Kamran Ahrar and Robert Lewandowski**

1:00 - 1:05 PM	How I Do It: Ablation for 3 cm HCC	Roberto Iezzi
1:05 - 1:10 PM	How I Do It: CTACE for 3 cm HCC	Toshihiro Tanaka
1:10 - 1:15 PM	How I Do It: DEB-TACE for 3 cm HCC	Matthew Johnson
1:15 - 1:20 PM	How I Do It: TARE for 3 cm HCC	Nora Tabori
1:20 - 1:25 PM	How I Do It: Histotripsy of 3 cm HCC	Mikhail Silk
1:25 - 1:45 PM	Demo: Y90 Delivery Devices	Nima Kokabi, Marnix Lam, Shamar Young
1:45 - 1:55 PM	How I Do It: 3 cm HCC Centrally Located	Shiro Miyayama
	How I Do It: 3 cm HCC Next to Stomach	Nadine Abi-Jaoudeh
1:55 - 2:15 PM	Panel Discussion and Audience Q&A	
2:15 - 2:20 PM	Minimum Ablation Margin: Ablation Planning Programs	Miyuki Sone
2:20 - 2:25 PM	Intraprocedural Angio CT to Improve Ablation Margins	Maarten Smits
2:25 - 2:30 PM	FLR Hypertrophy: PVE + Hepatic Vein Embo, Y90, MWA	Venkatesh Krishnasamy

1:00 - 2:30 PM		Session IV: Chest	Empire East Ballroom, 2nd Floor
<b>Moderators: Bulent Arslan and Anna Maria Ierardi</b>			
1:00 - 1:10 PM	Pulmonary AVMs: Which Approach Minimizes Recurrence?	Claire Kaufman	
1:10 - 1:20 PM	Bronchial Embolization for Hemoptysis: Overview and Interventional Management	Anna Maria Ierardi	
1:20 - 1:30 PM	Trauma in Chest: Review of Toolkit (Stent-grafts and Embolic) and Where to Use What?	Gerard Goh	
1:30 - 1:40 PM	Locoregional Therapies in Lung Ca: How Do We Expand Beyond Specialty Centers?	Rob Suh	
1:40 - 1:50 PM	Bleeding from Pulmonary Pseudoaneurysms: How to Identify and Treat	Ripal Gandhi	
1:50 - 2:00 PM	Complex Case Discussion: How to Avoid Disasters	Masato Yamaguchi	
2:00 - 2:30 PM	Panel Discussion and Audience Q&A		

1:00 - 2:30 PM		Learn from the Expert: PAE	Lenox Ballroom, 2nd Floor
Station 1	Patient Work Up Pre-PAE	Karim Abd El Tawab and Attila Kovacs	
Station 2	Anatomy Slide Review	John DeMeritt and Nassir Rostambeigi	
Station 3	Tips and Tricks for Complex Cases	Timothy McClure and Romaric Loffroy	
Station 4	Review of Catheters Wires and Embolics	Nainesh Parikh and Shivank Bhatia	
Station 5	Post PAE Management: Medications, Complications, and Recurrence	Tiago Bilhim and Bora Peynircioglu	
Station 6	Liquid Embolics	Aaron Fischman and Xavier Guerra	

1:00 PM - 2:30 PM		Abstract Session II	New York West Ballroom, 3rd Floor
<b>Moderators: Greg Woodhead</b>			
1:02 - 1:10 PM	Endovascular Middle Meningeal Artery Embolization for Chronic Subdural Hematoma in Surgically Ineligible Patients	Mohamed Zaitoun	
1:10 - 1:18 PM	Embolization of Head and Neck Hemorrhage in Cancer Patients: A Survival Analysis	Isabelle Echelman	
1:18 - 1:26 PM	Fibro-Adipose Vascular Anomaly: Clinical and Imaging Characteristics in 31 Patients with Predictors of Disease Severity	Mohamed Zaitoun	
1:26 - 1:34 PM	Tricuspid Valve Vegetation Aspiration with 16-French Penumbra Lightning Aspiration Systems: A Single-Center Experience	Margret Joos	
1:34 - 1:42 PM	Clearing the Way to Conception: Reproductive Outcomes of Fallopian Tube Recanalization at a Single Center	Sophie Vo	
1:42 - 1:50 PM	Age-Stratified Risk of Hepatic Encephalopathy After TIPS: Clinical Inflection Points from a Multi-System EHR Cohort	Rohit Reddy	
1:50 - 1:58 PM	Population-Level Eligibility for Breast Tumor Cryoablation in the United States: SEER 2016-2022	Rohit Reddy	

1:58 - 2:06 PM	Postoperative Outcomes of Kyphoplasty vs Open Surgical Management of Vertebral Fractures: An NSQIP Database Analysis	Aarya Nehe
2:06 - 2:14 PM	Complication Rates of Histotripsy	Apurva Puli
2:14 - 2:22 PM	Short-Term Outcomes of Histotripsy	Nikhil Kota

**2:30 - 3:00 PM Exhibits, ePosters, and Refreshments Break** Exhibit Hall, 2nd Floor

**2:35 – 2:55 PM GEST Talk Sponsored by Terumo: Radial First: The Bigger Picture** Exhibit Hall, 2nd Floor

**Speaker: Marcelo Guimaraes**

This session examines radial access through the lens of the broader clinical evidence, highlighting why a radial first approach remains a compelling, patient centered strategy across contemporary interventions.

**3:00 - 4:20 PM Session V: Hemorrhoid Embolization** Metro East Ballroom, 2nd Floor

**Moderators: Jessie Stewart and Vincent Vidal**

3:00 - 3:10 PM	Surgical Point of View	Aneel Damle
3:10 - 3:20 PM	Patient Expectation and Selection	Jessie Stewart
3:20 - 3:30 PM	Interest of CBCT in my HAE Daily Practice	Vincent Vidal
3:30 - 3:40 PM	Embolics: Soft or Strong?	Karim Abd El Tawab
3:40 - 3:50 PM	Challenging Cases	Scott Thompson
3:50 - 4:20 PM	Panel Discussion and Audience Q&A	

**3:00 - 4:20 PM Session VI: HCC I** Empire East Ballroom, 2nd Floor

**Moderators: Muneeb Ahmed and Robert Lewandowski**

3:00 - 3:10 PM	Ablation as Curative Option: Does the Device (e.g., RFA/MWA/CRYO) Matter?	Mohamed Abdelsalam
3:10 - 3:20 PM	Radiation Segmentectomy as Curative Option: Is It Time?	Muneeb Ahmed
3:20 - 3:30 PM	Current Data and Future Direction of Combination Therapy: TACE + Systemic Therapy	Mohammed Abdelsalam
3:30 - 3:40 PM	Current Data and Future Direction of Combination Therapy: TARE + Systemic Therapy	Chris Malone
3:40 - 3:50 PM	Local Vascular Invasion: Added Value of TARE	Robert Lewandowski
3:50 - 4:20 PM	Panel Discussion and Audience Q&A	

**3:00 - 4:20 PM Hands-on Workshop: Coils and Plugs** Lenox Ballroom, 2nd Floor

**Faculty: Venkatesh Krishnasamy, Abhishek Kumar, Keith Quencer, Nassir Rostambeigi**

Station 1	Medtronic
Station 2	Terumo Medical
Station 3	Balt
Station 4	Merit Medical

Station 5	Cook Medical
Station 6	Penumbra, Inc.
Station 7	Boston Scientific
Station 8	Okami Medical

3:00 - 4:22 PM	<b>Abstract Session III</b>	New York West Ballroom, 3rd Floor
----------------	-----------------------------	-----------------------------------

**Moderators: Erik Cressman**

3:02 - 3:10 PM	Cryoneurolysis for Peri-procedural, Chronic Non-cancer, and Cancer-related Pain: A Systematic Review and Meta-analysis	Anusha Gupta
3:10 - 3:18 PM	Pain and Functional Outcomes After Genicular Artery Embolization for Knee Osteoarthritis: A Meta-Analytic Review	Devendra Patel
3:18 - 3:26 PM	Quality Assessment of YouTube as a Patient Education Resource for Genicular Artery Embolization (GAE)	Esha Shah
3:26 - 3:34 PM	Preoperative Embolization of Hypervascular Bone Metastases Using Obsidio Conformable Embolic: A Single-Center Experience	Sowntharya Ayyappan
3:34 - 3:42 PM	Plantar Fasciitis Embolization: Early Outcomes Using a Multi-Injection Technique	Amin Astani
3:42 - 3:50 PM	Reproducible Angiographic Vascularity Assessment for GAE: Validation of a Simple 4-Point Scale	Dogan Polat
3:50 - 3:58 PM	Serving up Relief: Transcatheter Arterial Microembolization (TAME) for Musculoskeletal Pain Ablation in Tennis Elbow	Jenish Venancius
3:58 - 4:06 PM	Interim- Results of the TriNav Infusion System for Pressure-Enabled Genicular Artery Embolization (Pe-GAE)	Layth Alkhani
4:06 - 4:14 PM	Advancing Minimally Invasive Therapy for Knee Osteoarthritis: A Prospective GAE Registry	Layth Alkhani
4:14 - 4:22 PM	Genicular Artery Embolization for Knee Osteoarthritis : A Multicenter Comparative Study of Resorbable Embolic Agents	Korentin Le Floch

4:30 - 5:30 PM	<b>Session VII: Physicians in Training II: What to Know When You're Building a Practice Out of Training: UAE</b>	Metro East Ballroom, 2nd Floor
----------------	--	--------------------------------

**Moderators: Claire Kaufman and Merve Ozen**

4:30 - 4:40 PM	Growing from the Ground Up: Practice Building and How I See a Referral	Claire Kaufman
4:40 - 4:50 PM	How to: Procedural Technique and Pearls	Merve Ozen
4:50 - 5:00 PM	Learning from the Cases: Wins, Saves, and Mishaps	Man Deuk Kim
5:00 - 5:10 PM	The Stuff No One Likes to Discuss - Insurance Approval, Documentation, and Finances	James Spies
5:10 - 5:30 PM	Panel Discussion and Audience Q&A	

4:30 - 5:30 PM

### MSK Forum (Non-GAE)

Empire East Ballroom, 2nd Floor

**Moderators:** Yuji Okuno and Marc Sapoval

**Panelists:** Tom Boeken, Ahmed Farag, Anna Maria Ierardi, Sirish Kishore

The Expert Forum is an interactive session featuring a panel of experienced professionals discussing a focused topic. Rather than formal presentations, this session is driven by the panelists and audience participation—attendees are encouraged to ask questions, share challenges, and engage directly with the panel. It’s an opportunity to gain practical insights, hear diverse perspectives, and explore real-world solutions in an open, conversational setting.

4:30 - 5:30 PM

### Lymphatic Forum

Empire West Ballroom, 2nd Floor

**Moderator:** Maxim Itkin

**Panelists:** Saebeom Hur, Masanori Inoue, Geert Maleux

The Expert Forum is an interactive session featuring a panel of experienced professionals discussing a focused topic. Rather than formal presentations, this session is driven by the panelists and audience participation—attendees are encouraged to ask questions, share challenges, and engage directly with the panel. It’s an opportunity to gain practical insights, hear diverse perspectives, and explore real-world solutions in an open, conversational setting.

5:30 – 7:00 PM

### Physicians in Training Event Sponsored by Cook Medical: Cook’s Big Trivia Night

New York West Ballroom, 3rd Floor

Refreshments will be served

**Faculty:** Thomas Wong and Jessica Stewart

Cook’s Big Trivia Night at GEST is an interactive, hands-on evening designed for interventional radiology professionals to learn, compete, and connect. Attendees will rotate through immersive stations featuring Cook’s IR-focused medical education resources, including an embolization simulator, the **Beat the Bleed** model competition, and additional hands-on experiences that highlight real-world procedural techniques. The evening will also feature a lively team-based trivia game where participants can test their IR knowledge in a fun, fast-paced competition. Join us for a unique blend of education, innovation, and friendly rivalry.

## Friday, May 15

8:00 - 9:30 AM

### Session VIII: Masterclass Plugs and Stent Grafts

Metro East Ballroom, 2nd Floor

**Moderators:** Jafar Golzarian and Mahmood Razavi

**Demonstrators:** Marc Sapoval, Gary Siskin, Anuj Malhotra

8:00 - 8:08 AM	Sacrificing or Saving a Vessel: When to Use a Stent Graft	James Benenati
8:08 - 8:16 AM	Flow Divertors: Is there a Future in Peripheral Vasculature?	Anuj Malhotra
8:16 - 8:24 AM	Can Plugs be the Primary Tool? Change Your Mindset	Geert Maleux
8:24 - 8:32 AM	Complex Cases - Where Plugs Save the Day	Sarah White
8:32 - 8:40 AM	Where I Would Not Use a Plug	Justin Guan
8:40 - 8:48 AM	The Quest for the “Perfect” Plug	Mahmood Razavi
8:48 - 9:30 AM	Masterclass Demonstration	Speakers + Constantino Pena

8:00 - 9:30 AM		Session IX: TARE Dosimetry	Empire East Ballroom, 2nd Floor
<b>Moderators: Nima Kokabi and Shamar Young</b>			
8:00 - 8:10 AM	Dosimetry in 2026: A look Back at What is Left Behind and What is Coming Next	Shamar Young	
8:10 - 8:20 AM	Grains of Sand: Particle Density and its Importance	Nima Kokabi	
8:20 - 8:30 AM	The OG: Updates in HCC Dosimetry	Zach Berman	
8:30 - 8:40 AM	Metastatic Colorectal: Dosing in the Modern Era	Meghan Lilly	
8:40 - 8:50 AM	Radiation Segmentectomies in Metastatic Disease, How Do I Dose?	Gregory Woodhead	
8:50 - 9:30 AM	Panel Discussion and Audience Q&A		

8:00 - 9:30 AM		Hands-on Workshop: Particles, Liquids, and Conformables	Lenox Ballroom, 2nd Floor
Station 1	Guerbet		
Station 2	Balt		
Station 3	Boston Scientific		
Station 4	Fluidx Medical Technology, Inc.		
Station 5	Instylla		
Station 6	Sirtex		

9:30 - 10:00 AM		Exhibits, ePosters, and Refreshments Break	Exhibit Hall, 2nd Floor
-----------------	--	--	-------------------------

9:35 - 9:55 AM		GEST Talk Sponsored by Terumo: Rapid Occlusion Where It Counts: Gel-Core Coils for Bleed Management	Exhibit Hall, 2nd Floor
<b>Speaker: Melhem Ghaleb</b>			
A clinical overview of gel core coil technology and its application in the management of acute bleeding.			

10:00 - 11:30 AM		Session X: Trauma	Metro East Ballroom, 2nd Floor
<b>Moderators: Ahmed Abdel Aal and Nishita Kothary</b>			
10:00 - 10:10 AM	Embolics Toolbox: New Embolics and Cost Effectiveness	Bulent Arslan	
10:10 - 10:20 AM	Current State of Embolization in Solid Organ Trauma	Sabina Amin	
10:20 - 10:30 AM	Classification and Endovascular Management of Traumatic Pelvic Injuries	Ahmed Abdel Aal	
10:30 - 10:40 AM	Management of Non-Aortic Traumatic Vascular Injuries	Rahul Patel	
10:40 - 10:50 AM	Urogenital Trauma: Updates on Endovascular Management	Manraj Heran	
10:50 - 11:00 AM	CodeEmbo: Teamwork, Communication, and Logistics in Trauma IR	Nishita Kothary	
11:00 - 11:30 AM	Panel Discussion and Audience Q&A		

10:00 - 11:30 AM		Session XI: Outpatient Practice	Empire East Ballroom, 2nd Floor
<b>Moderators: Jafar Golzarian and Jerry Niedzwiecki</b>			
10:00 - 10:10 AM	Why OBL/ASC is the Perfect Side of service for Embolotherapy?	Bret Wiechmann	
10:10 - 10:20 AM	David vs. Goliath: How Small Independent Practices Win Big in Payor Negotiations	Deepak Sudheendra	
10:20 - 10:30 AM	How to Code Correctly for PAE, GAE and HAE?	David Zielske	
10:30 - 10:40 AM	Mobile C-Arm or Fix Unit: Selection Criteria	Amin Astani	
10:40 - 10:50 AM	Y 90 in an OBL: Challenges	Christopher Goettl	
10:50 - 11:00 AM	The OEIS Registry for Embolization	Jerry Niedzwiecki	
11:00 - 11:30 AM	Panel Discussion and Audience Q&A	Speakers + Nesko Radovic	

10:00 - 11:30 AM		Abstract Session IV	New York West Ballroom, 3rd Floor
<b>Moderators: Nima Kokabi and Scott Thompson</b>			
10:00 - 10:08 AM	Uterine Artery Embolization and Intrauterine Device (IUD) in Fibroid Uterus: A Matter of Debate	Mohamed Zaitoun	
10:08 - 10:16 AM	11-year Cohort Study Assessing Outcomes of Renal Injury Focusing on Renal Artery Embolisation at a Level 1 Trauma Centre	Kaiwen Cabbabe	
10:16 - 10:24 AM	Ischemia Visualization Using Intraoperative Multiparametric Magnetic Resonance Imaging During Renal Artery Embolization	Travis Pebror	
10:24 - 10:32 AM	Fertility Outcomes Post-Uterine Artery Embolization for Uterine Arteriovenous Fistula	Junwon Kim	
10:32 - 10:40 AM	Patient-reported Outcomes Following Embolization for Pelvic Venous Disorders	Ariel Dahan	
10:40 - 10:48 AM	Endovascular Management of Extra-uterine Arteriovenous Malformations During Peripartum Period: A Systematic Review	Areeb Siddiqui	
10:48 - 10:56 AM	One-Year Outcomes of Radial Access for Uterine Fibroid Embolization: Results from the Prospective RAVI Registry	Jessica Stewart	
10:56 - 11:04 AM	Hemorrhoidal Embolization-1 Trial (HEMBO-1): Three-Month Outcomes and Quality of Life	Scott Thompson	

11:30 AM - 12:00 PM		Exhibits and ePosters	Exhibit Hall, 2nd Floor
---------------------	--	-----------------------	-------------------------

12:00 - 1:00 PM		Lunch Session Sponsored by Asahi Intecc USA: Embolization in 2026: Trends in Embolics, Multidisciplinary Momentum, and Overcoming Difficult Anatomy	New York West Ballroom, 3rd Floor
-----------------	--	--	-----------------------------------

**Speakers: Jafar Golzarian, Yuji Okuno, Osman Ahmed, Venkatesh Krishnasamy**

This session explores the evolving landscape of embolization in 2026, highlighting key trends shaping clinical practice and innovation. It emphasizes the growing role of multidisciplinary collaboration in optimizing patient outcomes. The discussion also looks ahead at the future of TACE and Y-90, focusing on advancements, techniques, and expanding applications.

12:00 – 1:00 PM

## Lunch Session Sponsored by Medtronic: Concerto Versa, Made for More: Physician Perspectives and Early Case Experience

Empire West Ballroom, 2nd Floor

**Speakers: Rahul Patel, Ripal Gandhi, Mel Ghaleb**

This program is designed to introduce the addition of the Concerto Versa coil to the Medtronic embolization portfolio. Faculty will share their individual perspectives on Versa, discuss how they are incorporating the coil into their clinical practice, and present case examples from their initial experiences using Concerto Versa. Through these real-world insights, attendees will gain a practical understanding of Versa's role in embolization procedures.

12:00 – 1:00 PM

## Lunch Session Sponsored by Boston Scientific: OCCLUDE: Real-World Performance with Obsidio™ Embolic

Empire East Ballroom, 2nd Floor

**Speakers: Abhishek Kumar, Vincent Wu, Nariman Nezami**

This symposium will present multicenter, prospective, real world results from the OCCLUDE Registry, providing evidence on safety and effectiveness of Obsidio™ Embolic. Expert faculty will contextualize the data with their own procedural experiences and patient outcomes.

1:00 - 2:30 PM

## Session XII: Masterclass Particles, Microcatheters, and Arterial Access

Metro East Ballroom, 2nd Floor

**Moderators: Jean-Pierre Pelage and Miyuki Sone**

**Demonstrators: Marc Sapoval, Gary Siskin, Anuj Malhotra**

1:00 - 1:08 PM	Microcatheters: Selection Criteria and Newcomers	Hicham Abada
1:08 - 1:16 PM	Permanent Particles: Characteristics We are Not Thinking About	Jean-Pierre Pelage
1:16 - 1:24 PM	Resorbables: What's Out There	Jafar Golzarian
1:24 - 1:32 PM	The Quest for Organic Materials	Vincent Vidal
1:32 - 1:40 PM	Radial and PT Access: Tips and Tricks	Ahmed Farag
1:40 - 1:48 PM	Radial Access: Frequency of Occult Cerebral Infarction and How to Minimize	Yuji Koretsune
1:48 - 2:30 PM	Masterclass Demonstration and Panel Discussion (endpoint video) Debate - Microcatheters with and without wires - shaped or straight, composition matters	Speakers + Gilles Soulez

1:00 - 2:30 PM

## Session XIII: GI Bleeding: Should This Old Dog Learn New Tricks?

Empire East Ballroom, 2nd Floor

**Moderators: Geert Maleux and Romaric Loffroy**

1:00 - 1:10 PM	Upper GI Bleed: Coil Embolization Should Remain Standard of Care	Kumar Madassery
1:10 - 1:20 PM	Upper GI Bleeds: Flow Directed Embolics are the New Standard of Care	Abhishek Kumar
1:20 - 1:30 PM	Upper GI Bleed Panel Discussion	

1:30 - 1:40 PM	Lower GI Bleeds: Coil Embolization Should Remain Standard of Care	Osman Ahmed
1:40 - 1:50 PM	Lower GI Bleeds: Flow-directed Embolics are the New Standard of Care	Romaric Loffroy
1:50 - 2:00 PM	Lower GI Bleed Panel discussion	
2:00 - 2:10 PM	Should Provocative Angiography be a Part of Your Practice?	Charles Kim
2:10 - 2:20 PM	Should Cone-beam CT be a Part of Your Practice?	Mikin Patel
2:20 - 2:30 PM	Panel Discussion and Audience Q&A	

1:00 - 2:30 PM	<b>Hands-on Workshop: Radial</b>	Lenox Ballroom, 2nd Floor
----------------	----------------------------------	---------------------------

**Faculty: Shivank Bhatia and Marcelo Guimaraes**

Station 1	Terumo Medical
Station 3	Boston Scientific
Station 3	Merit Medical

1:00 - 2:30 PM	<b>Abstract Session V</b>	New York West Ballroom, 3rd Floor
----------------	---------------------------	-----------------------------------

**Moderators: Alan Sag and David Prologo**

1:02 - 1:10 PM	Radiomics-based Prediction of Operative Blood Loss Following Pre-operative Musculoskeletal Tumor/Metastasis Embolization	Zach Smith de la Cuesta
1:10 - 1:18 PM	Feasibility of a Prototypical AI-Based Embolization Tool for Prostate Artery Embolization Planning and Guidance	Delmarie Rivera Rodriguez
1:18 - 1:26 PM	Impact of Preoperative Interventional Oncology on Liver Transplant Versus Resection for Hepatocellular Carcinoma	Ammar Jawad
1:26 - 1:34 PM	How Good Is BEST? A Systematic Review of Efficacy and Safety Variables in Bleomycin Electro Sclerotherapy	Areeb Siddiqui
1:34 - 1:42 PM	Interventional Radiology in Rural Oregon: Assessing Scope, Access, and Barriers to Care	Zoe Vanderhoek
1:42 - 1:50 PM	When the Healer Is Hurt: The High Prevalence of Second Victim Phenomenon in Interventional Radiology	Maaz Ghouri
1:50 - 1:58 PM	Procedural Efficacy of Histotripsy	Apurva Puli
1:58 - 2:06 PM	LUCID: An AI Tool for Pre-Procedural Triage in Lung Nodule Management for Ablation and Resection	Maaz Ghouri
2:06 - 2:14 PM	BREAST AI: ResNet18 for Mammography Triage & Interventional Referral	Maaz Ghouri
2:14 - 2:22 PM	NEUROSCAN: An AI System for Rapid, Interpretable Brain Tumor Detection to Augment Interventional Radiology	Maaz Ghouri

2:30 - 3:00 PM	<b>Exhibits, ePosters, and Refreshments Break</b>	Exhibit Hall, 2nd Floor
----------------	---	-------------------------

3:00 - 4:20 PM	<b>Session XIV: Vascular Malformations</b>	Metro East Ballroom, 2nd Floor
----------------	--	--------------------------------

**Moderator: Gilles Soulez and Josee Dubois**

3:00 - 3:10 PM	Imaging of Vascular Malformation: What's New?	Bora Peynircioglu
3:10 - 3:20 PM	Best Approaches to Combine Drug and Interventional Therapies in Low and High Flow Malformation	Shellie Josephs

3:20 - 3:30 PM	BEST and BEET: How I do It and What are the Evidences	Ian McCafferty
3:30 - 3:40 PM	Cryotherapy in Low Flow Vascular Malformation: How I do It	Raja Shaikh
3:40 - 3:50 PM	How to Select the Best Embolizing Agents in Low Flow Malformation	Auh Whan Park
3:50 - 4:00 PM	Using the Yakes Classification to Select Embolizing Agent and Best Approach in High Flow Vascular Malformation	Gilles Soulez
4:00 - 4:20 PM	Panel Discussion and Audience Q&A	

3:00 - 4:20 PM	<b>Session XV: HCC 2 and Liver Mets</b>	Empire East Ballroom, 2nd Floor
----------------	---	---------------------------------

**Moderators: William Rilling and Nadine Abi-Jaoudeh**

3:00 - 3:10 PM	Ablation for CRC Liver Mets: A first-line Option	Kamran Ahrar
3:10 - 3:20 PM	Bridging to Liver Transplant in mCRC: Y90 vs. HAI	Muneeb Ahmed
3:20 - 3:30 PM	Providing Added Value: Locoregional Therapy for Cholangiocarcinoma	William Rilling
3:30 - 3:40 PM	Emerging Options for Uveal Melanoma Liver Mets	Nadine Abi-Jaoudeh
3:40 - 3:50 PM	Neuroendocrine Liver Mets: What Did we Learn from RETNET?	Donna D'Souza
3:50 - 4:20 PM	Panel Discussion and Audience Q&A	

3:00 - 4:30 PM	<b>Abstract Session VI</b>	New York West Ballroom, 3rd Floor
----------------	----------------------------	-----------------------------------

**Moderators: Mikin Patel and Merve Ozen**

3:02 - 3:10 PM	Primary Results from a Real-World Registry of the Concerto™ Detachable Coil System for Peripheral Vascular Embolization	Vincent Wu
3:10 - 3:18 PM	Partial Splenic Artery Embolization for Hypersplenism Using a Transradial Approach: Potential Pros and Cons	Mohamed Zaitoun
3:18 - 3:26 PM	OCCLUDE Final Results: A Prospective, Multicenter, Real-World Study Evaluating the Effectiveness and Safety of Obsidio™	Rahul Patel
3:26 - 3:34 PM	Post Embolization Dynamic Changes in Obsidio Conformable Embolic Volume and Radiodensity	Mohamad Harraka
3:34 - 3:42 PM	Engineering Degradable Glass Embolics with Customizable Dissolution and Degradation-Matched Radiopacity: Feasibility	Sharon Kehoe
3:42 - 3:50 PM	Transhepatic and Transsplenic Portal Venous Access Tract Closure with Obsidio: A Single-Center, Retrospective Study	Ronnie Festok
3:50 - 3:58 PM	Endovascular Embolization for Chemotherapy-Associated Gastrointestinal Bleeding: A Propensity-Matched Analysis	Hassaan Abbasi
3:58 - 4:06 PM	Results from the GPX IDE Pivotal Clinical Trial (Evaluation of a Simple-Prep Controlled Embolic)	Michael Darcy
4:06 - 4:14 PM	Emergency Trans-arterial Embolization for Cancer-Related and Postoperative Hemorrhage: A Transfusion-Sparing Cohort	Mahmoud Hammad
4:14 - 4:22 PM	Compact In-Syringe Mixing Method for Uniform Injections of Embolic Particles	David Ng
4:22 - 4:30 PM	Prospective Study Evaluating the Safety & Effectiveness of Embrace™ Hydrogel Embolic for Arterial Bleeding - HALT Study	Suvranu Ganguli

4:30 - 5:30 PM

## Session XVI: Aneurysm Embolization

Metro East Ballroom, 2nd Floor

**Moderators: Robert Lookstein and Mahmood Razavi**

4:30 - 4:40 PM	Splenic Artery Aneurysm: Overcoming Challenges with Old and New Technology	Haruyuki Takaki
4:40 - 4:50 PM	Renal Artery Aneurysms: New Technology to Plan for Success	Robert Morgan
4:50 - 5:00 PM	Internal Iliac Artery Aneurysms: How to Manage - Tips and Tricks	Constantino Pena
5:00 - 5:10 PM	Can all Aneurysms be Treated with Endo? Creative Solutions to Challenging Anatomy	Robert Lookstein
5:10 - 5:30 PM	Panel Discussion and Audience Q&A	

4:30 - 5:30 PM

## PAE Forum

Empire East Ballroom, 2nd Floor

**Moderator: Aaron Fischman and Shivank Bhatia**

**Panelists: John DeMeritt, Nainesh Parikh, Romaric Loffroy**

The Expert Forum is an interactive session featuring a panel of experienced professionals discussing a focused topic. Rather than formal presentations, this session is driven by the panelists and audience participation—attendees are encouraged to ask questions, share challenges, and engage directly with the panel. It's an opportunity to gain practical insights, hear diverse perspectives, and explore real-world solutions in an open, conversational setting.

4:30 - 5:30 PM

## HAE Forum

Empire West Ballroom, 2nd Floor

**Moderators: Jessie Stewart and Vincent Vidal**

**Panelists: Karim Abd El Tawab, Amin Astani, Anuj Malhotra, Scott Thompson**

The Expert Forum is an interactive session featuring a panel of experienced professionals discussing a focused topic. Rather than formal presentations, this session is driven by the panelists and audience participation—attendees are encouraged to ask questions, share challenges, and engage directly with the panel. It's an opportunity to gain practical insights, hear diverse perspectives, and explore real-world solutions in an open, conversational setting.

5:30 - 7:00 PM

## Dinner Session Sponsored by GE Healthcare: Advancing embolization through image guiding innovations

New York West Ballroom, 3rd Floor

Refreshments will be served

**Speakers: Jafar Golzarian and Francois Cornelis**

This session is designed to highlight how image guiding solutions can improve IR practice. Hear from two leading physicians in embolization on how they leverage the latest AI-based technologies to improve their workflow and procedure outcomes.

# Saturday, May 16

7:30* – 8:30 AM	<b>Physicians in Training Event Sponsored by Terumo: Managing Bleeding and Hemorrhage: Current Practices and Innovations</b>	New York West Ballroom, 3rd Floor
*Breakfast served at 7:00 AM		

**Speakers: Melhem Ghaleb, Marcelo Guimaraes, Jessica Stewart, Kapil Wattamwar**

Join us for an overview of current and emerging minimally invasive techniques for controlling bleeding and hemorrhage using a range of embolics—coils, particles, and liquids. Through case presentations, this session will highlight the latest innovations and conclude with a panel discussion on best practices, plus time for Q&A.

8:30 - 10:00 AM	<b>Session XVII: Masterclass Liquids and Conformables</b>	Metro East Ballroom, 2nd Floor
<b>Moderators: Jafar Golzarian and Bulent Arslan</b>		
<b>Demonstrators: Marc Sapoval, Gary Siskin, Anuj Malhotra</b>		
8:30 - 8:40 AM	Glue: Tips and Tricks for Optimal Dilution	Yasuaki Arai
8:40 - 8:48 AM	EVOH Based Agents: Technique, Materials, and Results	Helene Vernhet Kovacsik
8:48 - 8:56 AM	Conformables: Technique, Materials, and Results	Merve Ozen
8:56 - 9:06 AM	Newcomers hydrogels: Technique, Materials, and Results	
8:56 - 9:01 AM	Newcomers Hydrogels 1- GPX	Vivian Bishay
9:01 - 9:06 AM	Newcomers Hydrogels 2- Embrace	Suvranu Ganguli
9:06 - 9:16 AM	Debates: Glue or Not Glue	
9:06 - 9:11 AM	We Don't Need GlueAnymore	Gary Siskin
9:11 - 9:16 AM	Glue is Here to Stay	Romarc Loffroy
9:16 - 9:21 AM	Putting it all Together	Jafar Golzarian
9:25 - 10:00 AM	MC demo and Panel Discussion: Video Case of Liquid Injection in AVM, PAE, Bronchial	

8:30 - 10:00 AM	<b>Session XVIII: AI/Robotics/Imaging</b>	Empire East Ballroom, 2nd Floor
<b>Moderators: Muneeb Ahmed, Tom Boeken, Dania Daye</b>		
8:30 - 8:40 AM	Real-time Image Analysis for Augmented IR	Tom Boeken
8:40 - 8:50 AM	Large Language Models in Patient Referrals and Clinical Decision Support: IR Opportunities	Dania Daye
8:50 - 9:00 AM	Robotics in IR: Is There Room for AI-generated Autonomy?	Baptiste Bonnet
9:00 - 9:10 AM	AI for Patient Care Pathways in IR	Laurent Derclé
9:10 - 9:20 AM	Smart Devices in the Peri Operative Field	Francois Cornelis
9:20 - 9:30 AM	How to Evaluate an AI Model for Your Practice	Dania Daye
9:30 - 10:00 AM	Panel Discussion and Audience Q&A	

<b>8:30 - 10:00 AM</b>		<b>Physicians in Training III: Case Competition II &amp; Penumbra Coil-Off</b>	New York West Ballroom, 3rd Floor
<b>Judges: Merve Ozen, Abhishek Kumar, Nassir Rostambeigi</b>			
8:30 - 8:38 AM	HCC with Portal Vein Invasion After TIPS: High Lung Shunt Redirecting Treatment Strategy from TARE to TACE	Serhat Akis	
8:38 - 8:46 AM	Endovascular Repair of Aortic Pseudoaneurysm Secondary to Inferior Vena Cava Filter Penetration	Rooshi Parikh	
8:46 - 8:54 AM	Endovascular Treatment of a Acquired Arteriovenous Fistula in a Living-Unrelated Donor Renal (LURD) Transplant	Kyle Stumetz	
8:54 - 9:02 AM	Endovascular Treatment of a High-flow Superior Mesenteric Arteriovenous Fistula with a Novel Vascular Occlusion Device	Jonathan Wang	
9:02 - 9:10 AM	Endovascular Management of Catastrophic External Carotid Artery Hemorrhage During TMJ Arthroplasty	Vedant Garg	
9:10 - 9:18 AM	CT-assisted Thoracic Duct Embolization with Coils and Ethylene Vinyl Alcohol to Treat Post-operative Chyle Leak	Megan Gimmen	
9:18 - 9:26 AM	Flow-Diverting Stents and Percutaneous Coil Embolization for Hemorrhagic Transplant Hepatic Artery Pseudoaneurysm	Chloe Dunseath	
9:26 - 9:28 AM	Introduction		
9:28 - 9:35 AM	Ruby Embolization Product Overview	Sabina Amin	
9:35 - 9:43 AM	Embolization Cases	Sabina Amin	
9:43 - 10:00 AM	Penumbra Coil-Off		

<b>10:00 - 10:30 AM</b>	<b>Exhibits, ePosters, and Refreshments Break</b>	Exhibit Hall, 2nd Floor
-------------------------	---	-------------------------

<b>10:30 - 11:45 AM</b>		<b>Session XIX: Portal Interventions</b>	Metro East Ballroom, 2nd Floor
<b>Moderators: Wael Saad and Saher Sabri</b>			
10:30 - 10:40 AM	Complex TIPS: Top Tips	Lisa Rauschert	
10:40 - 10:50 AM	Do We Need a Sclerosant with Gelfoam for #RTO	Hyun-Ki Yoon	
10:50 - 11:00 AM	Techniques for Reducing/Closing Mega-shunts	Wael Saad	
11:00 - 11:10 AM	Why are We Looking to Reduce TIPS Diameters? When to do a Preconstrained Small TIPS and When to Reduce the TIPS Diameter	Bulent Arslan	
11:10 - 11:20 AM	When to combine tips with BRTO	Saher Sabri	
11:20 - 11:30 AM	Portal Recanalization: Top tips	Riad Salem	
11:30 - 11:45 AM	Panel Discussion and Audience Q&A: Complications and Outcomes		

<b>10:30 - 11:45 AM</b>		<b>Session XX: Lymphatic Interventions</b>	Empire East Ballroom, 2nd Floor
<b>Moderators: Saebeom Hur and Masanori Inoue</b>			
10:30 - 10:40 AM	Chylothorax: Basic TDE and Retrograde TDE	Scott Thompson	
10:40 - 10:50 AM	Role of New Tools for Chylous Ascites: Mesenteric and MR Lymphangiography	Saebeom Hur	
10:50 - 11:00 AM	Advanced Treatment Tool: Thoracic Duct Plasty	Maxim Itkin	

11:00 - 11:10 AM	Lymphocele	Masanori Inoue
11:10 - 11:20 AM	Lymphatic Malformations	Waleska Pabon-Ramos
11:20 - 11:45 AM	Panel Discussion and Audience Q&A	

**11:45 AM - 12:00 PM Exhibits and ePosters** Exhibit Hall, 2nd Floor

**12:00 – 1:00 PM Lunch Session Sponsored by Guerbet: Enhancing Ablation Precision: Innovative Lipiodol Applications for Tumor Visualization and Margin Assessment** New York West Ballroom, 3rd Floor

**Speakers: Venkatesh Krishnasamy and Frank Yuan**

When tumors are difficult to visualize, precision in ablation becomes a critical challenge. This symposium explores how innovative lipiodol applications can enhance tumor visualization and improve accuracy in image-guided thermal ablation, featuring prospective data on selective intra-arterial staining for poorly visualized liver lesions. Attendees will also gain practical insights into technique, efficacy, and ultrasound versus CT guidance to optimize margin assessment and outcomes.

**12:00 – 1:00 PM Lunch Session Sponsored by TriSalus Life Sciences: Delivery Matters: Early Clinical Experience with the TriNav Infusion System in Uterine Artery Embolization** Empire West Ballroom, 2nd Floor

**Speakers: Francis Kang and Nicole Lamparello**

Join us for an interactive, case-based discussion exploring Pressure-Enabled Drug Delivery (PEDD™) in Uterine Artery Embolization. Building on TriNav’s clinically proven benefits in liver-directed, this program highlights its application in UAE with real-world data and case reviews.

**12:00 – 1:00 PM Lunch Session Sponsored by Terumo Medical: Small Embolization, Big Relief** Empire East Ballroom, 2nd Floor

**Speakers: Jafar Golzarian and Jessica Stewart**

Explore how Hemorrhoid Artery Embolization (HAE) can benefit patients by utilizing a minimally invasive approach to treat symptomatic hemorrhoids. Learn about the latest clinical data supporting this growing procedure from our experts, including tips on patient selection and tools for performing HAE.

**1:00 - 2:00 PM Physicians in Training: Exhibit Hall Tour** Exhibit Hall, 2nd Floor

**1:00 - 2:30 PM Session XXI: Women’s Health** Metro East Ballroom, 2nd Floor

**Moderators: Miyuki Sone and James Spies**

1:00 - 1:10 PM	UAE Versus Surgery: What Does the Evidence Show?	Rana Khafagy
1:10 - 1:20 PM	UAE Before Myomectomy: My Perspective	James Spies
1:20 - 1:30 PM	UAE for Intrauterine Vascular Abnormalities	Lindsay Machan
1:30 - 1:40 PM	UAE for Adenomyosis: Patient Selection and Technique for Best Outcomes	Man-Deuk Kim

1:40 - 1:50 PM	Abnormal Placentation and Post-Partum Hemorrhage: IR Perspective	Hiroshi Kawada
1:50 - 2:00 PM	Abnormal Placentation and Post-Partum Hemorrhage: Gynec Perspective	Mitch Rosenberg
2:00 - 2:30 PM	Panel Discussion and Audience Q&A	

1:00 - 2:30 PM	<b>Session XXII: IO Vanguard: What Are We Doing in 5-10 Years</b>	Empire East Ballroom, 2nd Floor
----------------	---	---------------------------------

<b>Moderator: Kamran Ahrar and Matthew Johnson</b>		
1:00 - 1:10 PM	From Hands-On to Hands-Off: Robotics Transforming Interventional Radiology	Lambros Tselikas
1:10 - 1:20 PM	Reimagining Imaging in IR: Augmented Realty	Tom Boeken
1:20 - 1:30 PM	Precision in Motion: Cutting-Edge Navigation for Complex Interventions	Lambros Tselikas
1:30 - 1:40 PM	Fusion Imaging Technologies: Bridging Pre-Procedural Planning and In-Suite Precision	Sanjeeva Kalva
1:40 - 1:50 PM	Synergistic or Additive: Locoregional Therapy + Immunotherapy	Rahul Sheth
1:50 - 2:30 PM	Panel Discussion and Audience Q&A	

1:00 - 2:30 PM	<b>Learn from the Expert: Lymphatic</b>	Lenox Ballroom, 2nd Floor
----------------	---	---------------------------

Station 1	Hands-on Lymph Node Access	Maxim Itkin
Station 2	Hands-on TD Access	Geert Maleux
Station 3	Non-traumatic Chylothorax Algorithm and Interactive Cases	Saebeom Hur
Station 4	Chylous Ascites Algorithm and Interactive Cases	Scott Thompson
Station 5	Lymphocele Treatment Interactive Cases	Masanori Inoue

2:30 - 3:00 PM	<b>Exhibits, ePosters, and Refreshments Break</b>	Exhibit Hall, 2nd Floor
----------------	---	-------------------------

3:00 - 4:20 PM	<b>Session XXIII: PAE</b>	Metro East Ballroom, 2nd Floor
----------------	---------------------------	--------------------------------

<b>Moderators: Marc Sapoval and Tiago Bilhim</b>		
3:00 - 3:08 PM	PAE in Oncology: The Challenges	Nainesh Parikh
3:08 - 3:13 PM	PAE Versus Medical Therapy: Where We Stand in 2026	Marc Sapoval
3:13 - 3:18 PM	PAE Versus Other Surgical Techniques: Where We Stand in 2026?	Tim McClure
3:18 - 3:26 PM	Tips and Tricks in Complex PAE	Nassir Rostambeigi
3:26 - 3:34 PM	Understanding PAE Failure: Mechanisms Predictors and Management Strategies	Tiago Bilhim
3:34 - 3:42 PM	Prevention and Management of Complications	Shivank Bhatia
3:42 - 3:50 PM	PAE in Chronic Prostatitis: Myth or Reality	Attila Kovacs
3:50 - 4:20 PM	Panel Discussion and Audience Q&A	Speakers + Jafar Golzarian

3:00 - 4:20 PM

**Session XXIV: Pain Management**

Empire East Ballroom, 2nd Floor

**Moderators: David Prologo and Alan Sag**

3:00 - 3:10 PM	Advanced Interventional Pain Management in IR: State of the Art 2026	David Prologo
3:10 - 3:20 PM	Global Approach to the Patient with Pain in IR	Alexa Levey
3:20 - 3:30 PM	Ablation of Painful Metastases: Patient Selection, Technique, and Post Procedure Management	Alan Sag
3:30 - 3:40 PM	Cryoneurolysis	David Prologo
3:40 - 3:50 PM	Advanced Spine Interventions	Junjian Huang
3:50 - 4:20 PM	Panel Discussion and Audience Q&A	

3:00 - 4:30 PM

**Abstract Session VII**

New York West Ballroom, 3rd Floor

**Moderators: Venkatesh Krishnasamy**

3:02 - 3:10 PM	The Use of Machine Learning in TACE/TAE for Patients with Intermediate-stage Hepatocellular Carcinoma	Lakshya Soni
3:10 - 3:18 PM	Intra-Arterial CT Angiography versus Cone-Beam CT in Transarterial Chemoembolization for Hepatocellular Carcinoma	Rohan Vij
3:18 - 3:26 PM	Tumor Absorbed Dose and Outcomes After Yttrium-90 Radioembolization for Non-CRC, Non-NET Liver Metastases	Müge Oral
3:26 - 3:34 PM	Toward Automated Detection and Localization of Active Solid Organ Hemorrhage Using Contrast-Enhanced Ultrasound	Jay Gupta
3:34 - 3:42 PM	Pre-operative Interventional Oncology Modality and Surgical Margin Adequacy in Resected Hepatocellular Carcinoma	Devi Preetham Veeramgari
3:42 - 3:50 PM	Impact of Interventional Oncology on Postoperative Morbidity and Resource Use in Hepatocellular Carcinoma Surgery	Devi Preetham Veeramgari
3:50 - 3:58 PM	Infectious Outcomes After Radioembolization in Patients with Prior Biliary Interventions: A Proportionality Meta Analysis	Areeb Siddiqui
3:58 - 4:06 PM	Radioembolization of Hepatic Tumors via Extrahepatic Arterial Supply: A Proportionality Meta-Analysis	Areeb Siddiqui
4:06 - 4:14 PM	Outcomes of Y90 Radiation Segmentectomy with Resin Microspheres Compared to L-TACE for Solitary HCC	Omar Abdalla
4:14 - 4:22 PM	Conventional TACE Before Liver Transplant: 25-Year Radiopathologic Correlation and Survival Outcomes in HCC	Abin Sajan
4:22 - 4:30 PM	<sup>99m</sup> Tc-MAA Personalised Dosimetry in <sup>90</sup> Y Radioembolization of Hepatocellular Carcinoma: A DOSISPHERE-01 Ancillary Study	Grace Keane

4:30 - 5:30 PM		Session XXV: Venous Interventions	Metro East Ballroom, 2nd Floor
<b>Moderators: Lindsay Machan and Gloria Salazar</b>			
4:30 - 4:40 PM	PeVD in Women: Pre-procedure Assessment and Practice Building	Sara Lojo	
4:40 - 4:50 PM	PeVD in Men: Pre-procedure Assessment and Key Diagnostic Considerations	Lindsay Machan	
4:50 - 5:00 PM	Treatment of Pelvic Venous Reflux and Occlusion in Women	Gloria Salazar	
5:00 - 5:10 PM	Debate: Male Varicocele Technique		
5:00 - 5:05 PM	• Liquid + Coils	Rana Khafagy	
5:05 - 5:10 PM	• Liquid Only	Marc Sapoval	
5:10 - 5:30 PM	Panel Discussion and Audience Q&A • How do you manage persistent or recurrent symptoms in men and women?		

4:30 - 5:30 PM		PAE 2 Forum	Empire East Ballroom, 2nd Floor
<b>Moderators: Tiago Bilhim</b>			
<b>Panelists: Attila Kovacs, Nassir Rostambeigi, Tim McClure, Bora Peynircioglu</b>			
<p>The Expert Forum is an interactive session featuring a panel of experienced professionals discussing a focused topic. Rather than formal presentations, this session is driven by the panelists and audience participation—attendees are encouraged to ask questions, share challenges, and engage directly with the panel. It’s an opportunity to gain practical insights, hear diverse perspectives, and explore real-world solutions in an open, conversational setting.</p>			

4:30 - 5:30 PM		GAE Forum	Empire West Ballroom, 2nd Floor
<b>Moderators: Ahmed Farag and Bedros Taslakian</b>			
<b>Panelists: Peter Minko, Florian Fleckenstein, Osman Ahmed, Yuji Okuno</b>			
<p>The Expert Forum is an interactive session featuring a panel of experienced professionals discussing a focused topic. ## Sunday, May 17

8:30 - 10:00 AM		Focused Hot Topic MSK: GAE (All About GAE)	Metro East Ballroom, 2nd Floor
<b>Moderators: Jafar Golzarian and Yuji Okuno</b>			
8:30 - 8:40 AM	Ideal Patients for GAE	Peter Minko	
8:40 - 8:50 AM	Technique and How to Improve Detection of Neovessels	Jafar Golzarian	
8:50 - 9:00 AM	Practice Development	Amin Astani	
9:00 - 9:05 AM	Update on Genesis 2	Mark Little	
9:05 - 9:10 AM	Update on Gravity	Siddharth Padia	
9:10 - 9:20 AM	How MR Can Help in Selecting Patients	Ali Guerhazi	
9:20 - 9:30 AM	Post TKR: Low Hanging Fruit	Florian Fleckenstein	
9:30 - 10:00 AM	Panel Discussion and Audience Q&A • How to define success		

10:00 - 10:30 AM

**Refreshments Break**

Exhibit Hall, 2nd Floor

10:30 AM - 12:00 PM

**Focused Hot Topic MSK: Shoulder, Elbow and Sports Injuries, Upper and Lower Limb Tendinopathy, and Sports Injuries**

Metro East Ballroom, 2nd Floor

**Moderator: Marc Sapoval and Siddharth Padia**

10:30 - 10:40 AM	Adhesive Capsulitis: Clinical and Imaging Evaluation	Osman Ahmed
10:40 - 10:50 AM	Adhesive Capsulitis: Patient Selection and Technical Tips	Yuji Okuno
10:50 - 11:00 AM	Tennis Elbow: Basic Clinical Evaluation, Patient Selection and Result of Embolization	Siddharth Padia
11:00 - 11:10 AM	Plantar Fasciitis	Jafar Golzarian
11:10 - 11:20 AM	Hip OA and Greater Trochanter Syndrome	Sirish Kishore
11:20- 11:30 AM	Sports Injuries: Little Evidence but Great Outcome in Selected Patients	Yuji Okuno
11:30 AM - 12:00 PM	Panel Discussion and Audience Q&A
